Short Overview of May 2, 2011 Board Meeting

Pool Repair – the association has signed a contract for the repairs and refinishing of the pool. The work will consist of fixing two cracks, applying a Pebble Crete interior finish, installing a non-skid bull-nose tile to the edge of the steps and regrouting the tile around the pool perimeter. The project will be completed in May.

Dick Schmidt noted that the finances are in good order and we are doing better than budgeted.

John Thomas, Dick Schmidt, Mike Hurwitz, Kathryn Westgor and Pat McCartney attended a three hour Board Member Certification course in compliance with Florida Condominium Statutes.

Judy Cooper reported on the progress of the landscape projects

Another season at Clubside about to come to a close and, if you are like me, wondering where did the past months go? In our -up to date- townhomes and active Clubside and Strand activities again has brought us a "good life culture".

One of the consequences of Clubside lifestyle are the new and interesting events that keep happening. This becomes the norm for us as we focus on progress. Remembering we must enjoy the moment as well. We are fortunate that we have an active hospitality committee under the leadership of Kathryn Westgor planning for future events. Arranging for volunteers to make new events and keep the old favorites keep your eye on next years calendar. Much as we plan ahead we know that the moment is what really counts- enjoy the best of now.

Seasonal events are being planned and sometimes the simpler events are overlooked. Taking time to look at an unusual bird sometimes seems insignificant. Sometimes lazy calendar waiting means regret for missing a special event. The other day when mailing a letter in our Three Iron Drive mail box there was a turtle creeping down Three Iron Drive those charming creatures with funny names like gophers, cooters

and sliders- not be mistaken for their sea-faring cousins. Especially at this time of year, the presence of these endangered and threatened creatures becomes even more noticeable, as females haul ashore to nest on the edge of a Clubside lake! Or it might one of our family of otters looping down Three Iron Drive.

Look at the events of our coming season for the times you can enjoy what Clubside has to offer. Appreciate the sunrise golf game, your best game of tennis, time to say hello to a new neighbor who just might become a good friend enjoying many of the things you also enjoy. Grab your camera and catch the best of sunrise scenes or just listen to the song of a bird. Enjoy sipping a cold refreshment at a social hour at Clubside's pool side hosted by Kathryn and Ted Westgor. Stop and marvel with friends as the stars spread across a nighttime sky or maybe a full moon. I find the stillness of dawn my favorite time; seeing nature waking, enjoying who is teeing off, who is walking early and all the stick birds who swoop down to say good morning.

Clubside gatherings -where you can enjoy a visiting grand child, hug a newcomer and most of all enjoy the companionship of your Clubside friends. Don't let the gatherings at Clubside pass you by thinking "next time when I am not so busy". Instead look at our Clubside calendar and mark the events you dare not miss. There will be "good" times for you to discover right at Three Iron Drive!

"one ought , every day at least, to have
a little song, read a good poem,
see a good friend
and if possible
speak a few kind words"
--Johann Wolfgang von Goethe--
